

Mabou Athletic Center

November 11, 2022

Rodney MacDonald

To Who It May Concern:

Re: Cabot's proposed Golf Course

Mabou Athletic Center has been asked to provide a Letter of Support with respect to the proposed Mabou Golf Course to be developed on Provincial parkland in West Mabou.

The Mabou Athletic Center committee have met to discuss the advantages and disadvantages of Cabot investing in the village of Mabou. Each meeting our committee brought forth topics they felt important to the future of the center. We do not speak for the community as we are just a few residents of Mabou looking out for the best interest of the center.

The environmental concerns are as important to Mabou Athletic Center as it is to everyone else, and we believe that Ministry of the Environment is crucial in determining an outcome to this issue.

We have voted and believe the golf course will have a positive impact on our village. It will create growth and development in our village which in turn will generate more kids on the ice and in the gym.

Yours truly,
Mabou Athletic Center Committee
